MEMORANDUM FOR: See Distribution List

FROM:

Director of Global Issues

25X1

SUBJECT:

Philippines: Scenarios of Dramatic
Political Change

25X1

1. This memorandum presents a number of possible scenarios that could lead to the ouster of President Marcos or other dramatic change in the Philippines. It thus complements Intelligence Community assessments and estimates that focus on probable future developments in the Philippines. The analysis, purposely provocative, aims to make explicit and bring to the forefront of our thinking the diversity of challenges that could bring about major political change in the years to come. Because the analysis out of context is susceptible to misunderstanding, copies have been sent only to the six people listed on the next page. Please limit circulation severely and do not reproduce the document. Your thoughts on the analysis and suggested indicators are welcomed.

2. We will send you similar papers on other countries as they are completed.
